Fjord Sightseeing
Geirangerfjord

ON THE FJORD BOAT

Our warm, modern catamaran will take you from the coastal town of Ålesund into the fjords and the heart of the UNESCO area: Geiranger. While sitting comfortably in the fjord boat, you get to experience dramatic contrasts as the landscape changes: from the wide horizon by the coast to the deep fjords further inland.

The highlight of the tour takes you through the vast Geirangerfjord, past abandoned fjord farms, high mountains and mighty waterfalls.
